VOLUME 60 · SUBJECT INDEX

Abducens nerve, Bilateral infarction of the rostral pontine tegmentum as a cause of isolated bilateral supranuclear sixth nerve palsy related to hypertension **238**
Absence status, Absence status in adults **111**
Abulia, Motivational deficits after brain injury **416**
Accidental injection of mercury, Amyotrophic lateral sclerosis after accidental injection of mercury **698**
Achromatopsia, Behavioural and electrophysiological chromatic and achromatic contrast sensitivity in an achromatopsic patient **638**
Acquired neuromyotonia, Serum anti-voltage gated potassium channel antibodies detected in acquired neuromyotonia **113**
Acute disseminated encephalomyelitis, Inflammatory demyelinating polyradiculitis in a patient with acute disseminated encephalomyelitis (ADEM) **87**
Acute ischaemic stroke
Intra-arterial thrombolysis in acute ischaemic stroke **667**
Study design of the International Stroke Trial (IST), baseline data, and outcome in 984 randomised patients in the pilot study **371**
Acute multiple infarcts, Multiple acute infarcts in the posterior circulation **289**
Adverse drug reaction, Myasthenia gravis in a patient with chronic active hepatitis C during interferon-α treatment **348**
Afro-Caribbean migrant, Pilot investigation of Parkinson's disease in an Afro-Caribbean migrant community in London **119**
Agranulocytosis, Hypogammaglobulinaemia with absent B lymphocytes and agranulocytosis after carbamazepine treatment **459**
AIDs, Paraneoplastic necrotising myelopathy in a case of AIDS with lymphoma **237**
Alcoholic patients, Cognitive impairments of alcoholic cirrhotic patients **676**
Alexia, Pure alexia in Chinese **118**
Alzheimer's disease
Alzheimer's disease in a case of cortical basal ganglionic degeneration with severe dementia **109**
Clinical application of electrophysiological markers in the differential diagnosis of depression and very mild Alzheimer's disease **82**
Diagnostic usefulness of apolipoprotein E ε4 in the diagnosis of the dementias **699**
Dual task performance in frontal patients with and without behavioural impairment **116**
Epidemiology of the dementias **478**
Executive dysfunction in early Alzheimer's disease **91**
Intra vitam lumbar cerebrospinal fluid and serum and post-mortem ventricular immunoreactive apolipoprotein E in patients with Alzheimer's disease **452**
Presymptomatic hippocampal atrophy in familial Alzheimer's disease **114**
SPECT and MRI analysis in Alzheimer's disease **644**
Speech disorder in Alzheimer's disease **117**
Total tau protein immunoreactivity in lumbar cerebrospinal fluid of patients with Alzheimer's disease **237**
Amino acid metabolism, Glutaric aciduria type 1 in adulthood **352**
Amnesia, Diencephalic, temporal lobe, and frontal amnesia **116**
Amyloid, Coexistence of type I familial amyloid polyneuropathy and spinocerebellar ataxia type 1. Clinical and genetic studies of a Japanese family **586**
Amyloid associated muscle pseudohypertrophy, Amyloid associated muscle pseudohypertrophy **591**
Amyloidosis, Lymphoma, paraproteinaemia, and neuropathy **684**
Amyotrophic lateral sclerosis
Amyotrophic lateral sclerosis after accidental injection of mercury **698**
Avoiding false positive diagnoses of motor neuron disease **147**
Executive dysfunction in amyotrophic lateral sclerosis **115**
Motor neuron disease presenting as acute respiratory failure **455**
Progressive dysphagia due to adult Chiari I malformation mimicking amyotrophic lateral sclerosis **357**
Stapedial reflex in amyotrophic lateral sclerosis **544**
Angiography
Observer variation in the interpretation of intra-arterial angiograms and the risk of inappropriate decisions about carotid endarterectomy **152**
Subarachnoid haemorrhage **140**
Anismus, Paradoxical puborectalis contraction is a feature of constipation in patients with multiple sclerosis **31**
Anoxic brain damage, Neuropsychological functioning in a group of patients with anoxic brain damage **118**
Antineuronal autoantibodies, Intravenous immunoglobulin treatment in paraneoplastic neurological syndromes with antineuronal autoantibodies **388**
Apasia, Semantic neglect? **349**
Apolipoprotein E
Diagnostic usefulness of apolipoprotein E ε4 in the diagnosis of the dementias **699**
Intra vitam lumbar cerebrospinal fluid and serum and post-mortem ventricular immunoreactive apolipoprotein E in patients with Alzheimer's disease **452**
SPECT and MRI analysis in Alzheimer's disease **644**
Apomorphine, Motor response to acute dopaminergic challenge with apomorphine and levodopa in Parkinson's disease **634**
Apraxia, Alzheimer's disease in a case of cortical basal ganglionic degeneration with severe dementia **109**
Apraxia of eyelid opening, Pretarsal injection of botulinum toxin for blepharospasm and apraxia of eyelid opening **704**
Arteriosclerosis, Transluminal angioplasty for arteriosclerotic disease of the distal vertebral and basilar arteries **377**
Arthrogryposis multiplex congenita, Arthrogryposis multiplex congenita associated with auto **113**
Ascertainment, Capture-recapture methods for precise measurement of the incidence and prevalence of stroke **696**
Aspirin
Aspirin at any dose above 30 mg offers only modest protection after cerebral ischaemia **197**
Study design of the International Stroke Trial (IST), baseline data, and outcome in 984 randomised patients in the pilot study **371**
Astrogliosis, Signal changes on MRI and increases in reactive microgliosis, astrogliosis, and iron in the putamen of two patients with multiple system atrophy **98**
Ataxia, Progressive ataxia, focal seizures, and malabsorption syndrome in a 41 year old woman **225**
Attention
Memory, attention, and executive function in chronic fatigue syndrome **495**
Semantic neglect? **349**
Working memory in medicated patients with Parkinson's disease **313**
Attentional functions, Attentional functions in multiple system atrophy and Parkinson's disease **393**
Attention deficit and hyperactivity disorder, Brazilian cohort of patients with Tourette's syndrome **209**
Auditory recognition deficit, Auditory recognition deficits in neurological patients with bitemporal lesions **114**
Autoimmune diseases, Intravenous immunoglobulin treatment in neurological diseases **359**
Axillary nerve, Axillary neuropathy in volleyball players **345**

Bacterial adhesion, Reduced bacterial adhesion to hydrocephalus shunt catheters mediated by cerebrospinal fluid proteins **671**
Bacterial meningitis, Dexamethasone treatment for acute bacterial meningitis **464**
Ballistic arm movements, Adaptation motor learning of arm movements in patients with cerebellar disease **515**
Baron Constantin von Economo, Baron Constantin von Economo and encephalitis lethargica **167**
Basilar artery, Transluminal angioplasty for arteriosclerotic disease of the distal vertebral and basilar arteries **377**
Benign multiple sclerosis, Triple dose of gadolinium-DTPA and delayed MRI in patients with benign multiple sclerosis **526**
Bent spine syndrome, Bent spine syndrome **51**
Benzodiazepines, Cognitive impairments of alcoholic cirrhotic patients **676**
Bitemporal lesions, Auditory recognition deficits in neurological patients with bitemporal lesions **114**
Blepharospasm
Pretarsal injection of botulinum toxin for blepharospasm and apraxia of eyelid opening **704**
Pretarsal injections of botulinum toxin improve blepharospasm in previously unresponsive patients **693**

Blink reflex
Blink reflex in the assessment of brainstem function in mitochondrial myopathies **120**
Evaluation of the somatosensory evoked blink response in patients with neurological disorders **539**
"Blip" syndrome, Transient sensations of impending loss of consciousness **437**
Blood vessels of the head and neck, Non-invasive carotid imaging **463**
Book Reviews
Advances in Behavioural Biology **468**
Advances in the Neurobiology of Schizophrenia **470**
Akathisia and Restless Legs **595**
Alternating Hemiplegia of Childhood **466**
Atlas of Human Spinal Cord Evoked Potentials **465**
Attentional Processing **596**
Basic Human Neuroanatomy **249**
Blue Books of Practical Neurology Movement Disorders 1 and 2 Reissue **466**
Carotid Endarterectomy **595**
Clinical Neurology **594**
Clinical Neurophysiology **467**
Colour Atlas of Paediatric Neurology **596**
Comprehensive Management of Parkinson's disease **248**
Comprehensive Textbook of Psychiatry/VI **595**
Cortex Cerebri **467**
Craniopharyngioma **469**
Developments in Dementia and Functional Disorders in the Elderly **250**
Diffusion and Perfusion Magnetic Resonance Imaging **705**
Electrodiagnostic Medicine **468**
Epidemiological Psychiatry **597**
Epileptic Seizures and Syndromes **248**
Essentials of Clinical Neurophysiology **250**
Etiology of Parkinson's disease **125**
Handbook of Autonomic Nervous System Dysfunction **249**
Handbook of Botulinum Toxin Treatment **598**
Handbook of Dystonia **466**
Imitators of Epilepsy **467**
Infantile Spasms and West Syndrome **469**
Introduction to Clinical Neurology **705**
Magnetic Resonance Imaging of CNS Disease **469**
Manual of Neurologic Therapeutics **249**
Merritt's Textbook of Neurology **595**
Migraine **250**

Neurotransmitter Release and its Modulation **595**
Neurovascular Surgery **125**
Occupational and Environmental Neurology **468**
Operative Neurosurgical Techniques **467**
Peripheral Nerve Disorders 2 **705**
Reader in the History of Aphasia **249**
Recent Advances in the Treatment of Neurodegenerative Disorders and Cognitive Dysfunction **597**
Sensory Neuropathies **597**
Textbook of Geriatric Neuropsychiatry **250**
Therapy with Botulinum Toxin **598**
Trigeminal Neuralgia (MPN 28) **596**
Botulinum toxin
Historical note on the therapeutic use of botulinum toxin in neurological disorders **151**
Pretarsal injection of botulinum toxin for blepharospasm and apraxia of eyelid opening **704**
Pretarsal injections of botulinum toxin improve blepharospasm in previously unresponsive patients **693**
Brain damage, Optokinetic stimulation influences the disturbed perception of body orientation in spatial neglect **217**
Brain injury, Neurophyschological and psychopharmacological model of poor motivation after brain injury **117**
Brain neoplasm, Clinical, radiological, and therapeutic features of pleomorphic xanthoastrocytoma **690**
Brain pathology, Neuropathological diagnosis and CAG repeat expansion in Huntington's disease **78**
Brain stem, Bilateral infarction of the rostral pontine tegmentum as a cause of isolated bilateral supranuclear sixth nerve palsy related to hypertension **238**
Brain tumours, SPECT evaluation of human brain tumours using thallium and tyrosine markers **243**
British Neuropsychiatric Association, Proceedings **701**
Bromocriptine, Motivational deficits after brain injury **416**
Bulbar palsy introduction, Stapedial reflex in amyotrophic lateral sclerosis **544**

CADASIL, Patient with cerebral autosomal dominant arteriopathy with subcortical infarcts and leucoencephalopathy (CADASIL) confirmed by sural nerve biopsy **235**
CAG repeat
Homozygosity for Machado-Joseph disease gene enhances phenotypic severity **355**
Neuropathological diagnosis and CAG repeat expansion in Huntington's disease **78**
Calcitonin gene related peptide, Calcitonin gene related peptide **246**
Camptocormia, Bent spine syndrome **51**
Campylobacter jejuni
Immunological cross reactivity between *Campylobacter jejuni* antigens and antiganglioside GM1 antibodies in Guillain Barré syndrome **120**
Prospective case-control study to examine the relation between *Campylobacter jejuni* infection and Guillain-Barré syndrome **112**
Cancellation, Right sided hemispatial neglect and bilateral cerebral lesions **342**
Cancer, Chronic inflammatory demyelinating polyneuropathy associated with carcinoma **188**
Capture-recapture, Capture-recapture methods for precise measurement of the incidence and prevalence of stroke **696**
Carbamazepine, Hypogammaglobulinaemia with absent B lymphocytes and agranulocytosis after carbamazepine treatment **459**
Carotid endarterectomy, Preoperative carbon dioxide reactivity does not predict the cerebral haemodynamic changes during carotid endarterectomy **243**
Carotid imaging, Non-invasive carotid imaging **463**
Carotid occlusion, Continuous time estimation as a behavioural index of human cerebral ischaemia during temporary occlusion of the internal carotid artery **559**
Carotid stenosis, Observer variation in the interpretation of intra-arterial angiograms and the risk of inappropriate decisions about carotid endarterectomy **152**
Carotid stenotic disease, Cerebrovascular reactivity in patients with carotid stenotic disease **243**
Catatonia, Catatonia in depression **326**
Catechol-*O*-methyltransferase inhibitor, Entacapone prolongs levodopa response in a one month double blind study in parkinsonian patients with levodopa related fluctuations **36**
Category specific supramodal semantic memory impairment, Topographic amnesia **318**
Cauda equinitis, Postmeningococcal lumbosacral radiculopathy **459**
CblC defect, Hereditary defect of cobalamin metabolism (homocystinuria and methylmalonic aciduria) of juvenile onset **107**
Central executive, Dual task performance in frontal patients with and without behavioural impairment **116**
Central pain, Somatosensory findings in patients with spinal cord injury and central dysaesthesia pain **411**
Cerebellar disease, Symptomatic and essential palatal tremor **520**
Cerebellar peduncle, Isolated body lateropulsion caused by a lesion of the cerebellar peduncle **356**
Cerebellum, Adaptation motor learning of arm movements in patients with cerebellar disease **515**
Cerebral arterial occlusion, Intra-arterial thrombolysis in acute ischaemic stroke **667**
Cerebral blood flow, Diabetes and nitric oxide **241**
Cerebral haemodynamic response, Cerebral haemodynamic response to a short term compression of the common carotid artery **240**
Cerebral infarction, Transluminal angioplasty for arteriosclerotic disease of the distal vertebral and basilar arteries **377**
Cerebral ischaemia
Aspirin at any dose above 30 mg offers only modest protection after cerebral ischaemia **197**
Continuous time estimation as a behavioural index of human cerebral ischaemia during temporary occlusion of the internal carotid artery **559**
Transient alien hand syndrome **232**

Cerebral perfusion pressure, Management of cerebral perfusion pressure in severely brain injured patients **241**
Cerebral salt wasting syndrome, Cerebral salt wasting syndrome **234**
Cerebrospinal fluid
Herpes encephalitis is a disease of middle aged and elderly people **174**
Intra vitam lumbar cerebrospinal fluid and serum and post-mortem ventricular immunoreactive apolipoprotein E in patients with Alzheimer's disease **452**
Reduced bacterial adhesion to hydrocephalus shunt catheters mediated by cerebrospinal fluid proteins **671**
Testing of cerebrospinal compensatory reserve in shunted and non-shunted patients **549**
Total tau protein immunoreactivity in lumbar cerebrospinal fluid of patients with Alzheimer's disease **237**
Twenty four hour sampling of neuropeptide levels in human CSF **245**
Cerebrospinal fluid drainage, Cerebral salt wasting syndrome **234**
Cerebrospinal fluid hydrodynamics, Regional cerebral blood flow, white matter abnormalities, and cerebrospinal fluid hydrodynamics in patients with idiopathic adult hydrocephalus syndrome **282**
Cerebrotendinous xanthomatosis, Cerebrotendinous xanthomatosis without tendon xanthomas mimicking Marinesco-Sjoegren syndrome **582**
Cerebrovascular disease, General practitioners **122**
Cerebrovascular disorders, Bilateral infarction of the rostral pontine tegmentum as a cause of isolated bilateral supranuclear sixth nerve palsy related to hypertension **238**
Cervical surgery, Intraoperative cortical somatosensory evoked potential monitoring is a useful tool in complex cervical surgery **242**
Chiari I malformation, Progressive dysphagia due to adult Chiari I malformation mimicking amyotrophic lateral sclerosis **357**
Chinese, Pure alexia in Chinese **118**
Chinese acquired dyslexia, Functional and anatomical basis of Chinese acquired dyslexia **115**
Chorea, Non-ketotic hyperglycaemic chorea **428**
Chromatic contrast sensitivity, Behavioural and electrophysiological chromatic and achromatic contrast sensitivity in an achromatopsic patient **638**
Chronic fatigue syndrome
Chronic fatigue and minor psychiatric morbidity after viral meningitis **504**
Memory, attention, and executive function in chronic fatigue syndrome **495**
Neuroimaging in chronic fatigue syndrome **471**
Neuropsychological deficits in chronic fatigue syndrome **474**
Prognosis in chronic fatigue syndrome **489**
Chronic inflammatory demyelinating polyneuropathy
Chronic inflammatory demyelinating polyneuropathy associated with carcinoma **188**
Sixth nerve palsy from a CNS lesion in chronic inflammatory demyelinating polyneuropathy **695**
Cirrhosis, Cognitive impairments of alcoholic cirrhotic patients **676**
Cluster headache, Painless Horner's syndrome in cluster headache **462**
Cobalt-55, Cobalt-55 positron emission tomography in traumatic brain injury **221**
Cocaine, Opsoclonus, a rare complication of cocaine misuse **592**
Cognition
Cognition and multiple sclerosis **124**
Cognitive function in patients with Parkinson's disease undergoing stereotaxic thalamotomy **564**
Memory, attention, and executive function in chronic fatigue syndrome **495**
Cognitive assessment, Cognitive assessment of patients before and after carotid endarterectomy **242**
Cognitive function, Cognitive impairments of alcoholic cirrhotic patients **676**
Cognitive processes, Cognitive processes involved in the appreciation of new metaphors **124**
Collet-Sicard syndrome, Multiple myeloma presenting as the Collet-Sicard syndrome **14**
Complete transverse myelopathy, Recurrent myelitis **336**
Computed tomography
Clinical features of leuko-araiosis **431**
Huntington's disease **206**
Conduction block, Multifocal motor neuropathy **599**
Constipation, Paradoxical puborectalis contraction is a feature of constipation in patients with multiple sclerosis **31**
Continuous performance, Continuous time estimation as a behavioural index of human cerebral ischaemia during temporary occlusion of the internal carotid artery **559**
Conventional angiography, Magnetic resonance angiographic assessment after extracranial-intracranial bypass surgery **439**
Coronary angiography, Brachial artery approach coronary angiography **121**
Cortical basal ganglionic degeneration, Alzheimer's disease in a case of cortical basal ganglionic degeneration with severe dementia **109**
Cortical dysgenesis, Functional abnormality in cortical dysgenesis **111**
Corticobulbar tract, Dysarthria-clumsy hand syndrome due to infarction of the cerebral peduncle **231**
Creutzfeldt-Jakob disease, Neurosurgery in a patient with Creutzfeldt-Jakob disease after pituitary derived growth hormone therapy in childhood **333**
Cyclosporin-A, Treatment of chronic inflammatory demyelinating polyneuropathy with cyclosporin-A **185**
Cyst resection, Ependymal cyst and psychiatric symptoms **461**
Cystometry, Investigation of the neurogenic bladder **6**
Cytochrome *P*-450, Debrisoquine hydroxylase polymorphism in Leber's hereditary optic neuropathy **588**
Cytokine, Variations in the systemic pattern of cytokine production after subarachnoid haemorrhage **244**

Degeneration of the spinal cord, Severe combined degeneration of the spinal cord after nitrous oxide anaesthesia in a vegetarian **354**
Delayed MRI, Triple dose of gadolinium-DTPA and delayed MRI in patients with benign multiple sclerosis **526**
Dementia
Alzheimer's disease in a case of cortical basal ganglionic degeneration with severe dementia **109**
Clinical features of leuko-araiosis **431**
Diffuse Lewy body disease **531**
Epidemiology of the dementias **478**
Prevalence of dementia in an elderly rural population **628**
Dementia of the Alzheimer type, Comparison of positron emission tomography, cognition, and brain volume in Alzheimer's disease with and without severe abnormalities of white matter **158**
Demyelination
Inflammatory demyelinating polyradiculitis in a patient with acute disseminated encephalomyelitis (ADEM) **87**
Multifocal motor neuropathy **599**
Depression
Catatonia in depression **326**
Clinical application of electrophysiological markers in the differential diagnosis of depression and very mild Alzheimer's disease **82**
Depression is a common and treatable cause of presenile dementia **114**
Dexamethasone treatment, Dexamethasone treatment for acute bacterial meningitis **464**
Diagnosis
Avoiding false positive diagnoses of motor neuron disease **147**
Observer variation in the interpretation of intra-arterial angiograms and the risk of inappropriate decisions about carotid endarterectomy **152**
Sentinel lesions of primary CNS lymphoma **102**
Diaphragmatic needle EMG, Respiratory electrophysiological studies in Guillain-Barré syndrome **191**
Diffuse Lewy body disease, Diffuse Lewy body disease **531**
Disability, MRI dynamics of brain and spinal cord in progressive multiple sclerosis **15**
Doctor's remedies, Doctor's remedies **392**
Dopamine
Catatonia in depression **326**
Motivational deficits after brain injury **416**
Driving, Risk of accidents in drivers with epilepsy **621**
Dynamic aphasia, Progressive supranuclear palsy presenting with dynamic aphasia **403**
Dysarthria-clumsy hand syndrome, Dysarthria-clumsy hand syndrome due to infarction of the cerebral peduncle **231**
Dyslexia, Semantic impairment without surface dyslexia **117**
Dysphagia, Progressive dysphagia due to adult Chiari I malformation mimicking amyotrophic lateral sclerosis **357**

Dystonia
Pretarsal injections of botulinum toxin improve blepharospasm in previously unresponsive patients **693**
Usefulness of functional imaging in movement disorders **353**

Editorial announcement, Editorial tightrope **1**
Education, Prevalence of dementia in an elderly rural population **628**
Effortful processing, Memory, attention, and executive function in chronic fatigue syndrome **495**
Egocentric spatial reference frame, Optokinetic stimulation influences the disturbed perception of body orientation in spatial neglect **217**
Elderly, Clinical features of leuko-araiosis **431**
Electroconvulsive therapy, Electroconvulsive therapy in Parkinson's disease **693**
Electromyography, External anal sphincter electromyography in the differential diagnosis of parkinsonism **460**
Electrophysiology, Clinical application of electrophysiological markers in the differential diagnosis of depression and very mild Alzheimer's disease **82**
Encephalitis lethargica, Baron Constantin von Economo and encephalitis lethargica **167**
Encephalopathy, Encephalopathy associated with intravenous immunoglobulin treatment for Guillain-Barré syndrome **586**
Entacapone, Entacapone prolongs levodopa response in a one month double blind study in parkinsonian patients with levodopa related fluctuations **36**
Entrapment neuropathy, Axillary neuropathy in volleyball players **345**
Ependymal cyst, Ependymal cyst and psychiatric symptoms **461**
Epidemiology
Avoiding false positive diagnoses of motor neuron disease **147**
Epidemiology of head injury **362**
Epidemiology of the dementias **478**
Epilepsy
Elementary visual hallucinations in migraine and epilepsy **117**
Generic prescribing for epilepsy **120**
Long term prognosis of epilepsy **111**
Risk of accidents in drivers with epilepsy **621**
Sudden death in epilepsy **111**
E-selectin, Soluble E-selectin in multiple sclerosis **20**
Euthanasia, Persistent vegetative state **701**
Evaluation of reliability, validity, and responsiveness, Evaluating neurological outcome measures **127**
Event related desynchronisation, Movement related desynchronisation pattern preceding voluntary movement in untreated Parkinson's disease **307**
Excessive daytime sleepiness, Comparison of idiopathic hypersomnia and narcolepsy-cataplexy using self report measures and sleep diary data **576**
Executive dysfunction, Executive dysfunction in amyotrophic lateral sclerosis **115**
Executive function, Executive dysfunction in early Alzheimer's disease **91**
External anal sphincter, External anal sphincter electromyography in the differential diagnosis of parkinsonism **460**
Extracranial-intracranial bypass, Magnetic resonance angiographic assessment after extracranial-intracranial bypass surgery **439**

Familial amyloid polyneuropathy, Coexistence of type I familial amyloid polyneuropathy and spinocerebellar ataxia type 1. Clinical and genetic studies of a Japanese family **586**
Fast spin echo imaging, Detection of dilated subarachnoid space around the optic nerve in patients with papilloedema using T2 weighted fast spin echo imaging **108**
Fibrocartilaginous embolism, Fibrocartilaginous embolism of the spinal cord **55**
Focal dyskinesia, Moving ear syndrome **106**
Focal dystonia, Sex prevalence of focal dystonias **204**
Focal seizures, Progressive ataxia, focal seizures, and malabsorption syndrome in a 41 year old woman **225**
Frontal eye field, Location of the human posterior eye field with functional magnetic resonance imaging **445**
Frontal lobe, Working memory in medicated patients with Parkinson's disease **313**
Functional imaging, Usefulness of functional imaging in movement disorders **353**

F wave, F wave disappears due to impaired excitability of motor neurons or proximal axons in inflammatory demyelinating neuropathies **650**

Gadolinium enhancement, Soluble E-selectin in multiple sclerosis **20**
Gangliosides, Multifocal motor neuropathy **599**
Gaze palsy, Bilateral infarction of the rostral pontine tegmentum as a cause of isolated bilateral supranuclear sixth nerve palsy related to hypertension **238**
Generic prescribing, Generic prescribing for epilepsy **120**
Gene therapy, Gene therapy for glioma **244**
Genetics, Huntington's disease **206**
Gene transfer, Gene transfer to cerebral vessels during vasospasm using recombinant adenovirus **245**
Glioma
Clinical, radiological, and therapeutic features of pleomorphic xanthoastrocytoma **690**
Do experimental glioma decrease seizure thresholds? **243**
Glutamate, Glutaric aciduria type 1 in adulthood **352**
Glutaric aciduria, Glutaric aciduria type 1 in adulthood **352**
Guillain-Barré syndrome
Encephalopathy associated with intravenous immunoglobulin treatment for Guillain-Barré syndrome **586**
F wave disappears due to impaired excitability of motor neurons or proximal axons in inflammatory demyelinating neuropathies **650**
Immunological cross reactivity between *Campylobacter jejuni* antigens and antiganglioside GM1 antibodies in Gullain Barré syndrome **120**
Prospective case-control study to examine the relation between *Campylobacter jejuni* infection and Guillain-Barré syndrome **112**
Respiratory electrophysiological studies in Guillain-Barré syndrome **191**
Gulf War syndrome, "Gulf War syndrome". Is there evidence of dysfunction in the nervous system? **449**

Hashimoto's encephalopathy, Thyrotoxic Hashimoto's encephalopathy **234**
Headache
Substance P concentration and history of headache in relation to postlumbar puncture headache **681**
Sudden agonising headache **245**
Headaches, Headaches in casualty **122**
Headache service, Outreach and hospital headache service **123**
Head injury
Changes and significance of calmodulin, thromboxane A2, and malon-dialdehyde in CSF and serum of patients with severe head injury **245**
Clinical evaluation of extracellular amino acids in severe head trauma by intracerebral in vivo microdialysis **703**
Epidemiology of head injury **362**
Head injury **358**
Head injury assessment questionnaire, Rivermead head injury follow up questionnaire **510**
Head injury follow up, Rivermead head injury follow up questionnaire **510**
Health related outcome measurement, Evaluating neurological outcome measures **127**
Hemiballism, Hemiballism in Parkinson's Disease **247**
Hemifacial spasm
Evaluation of the somatosensory evoked blink response in patients with neurological disorders **539**
Hemifacial spasm **72**
Heparin, Study design of the International Stroke Trial (IST), baseline data, and outcome in 984 randomised patients in the pilot study **371**
Hepatic myelopathy, Failure of presumed hepatic myelopathy to improve after liver transplantation **590**
Hepatitis, Development of myasthenia gravis during interferon-α treatment for anti-HCV positive chronic hepatitis **348**
Hepatitis C virus infection, Peripheral neuropathy associated with essential mixed cryoglobulinaemia **661**
Hereditary motor and sensory neuropathy, Autosomal dominant optic atrophy with asymptomatic peripheral neuropathy **195**
Heroin, Leucoencephalopathy after inhalation of heroin **694**

Herpes encephalitis, Herpes encephalitis is a disease of middle aged and elderly people **174**
Hippocampal atrophy, Presymptomatic hippocampal atrophy in familial Alzheimer's disease **114**
Hippocampal neuron density, Verbal and non-verbal memory correlates with hippocampal sub-field neuron density **115**
Hippocampus, SPECT and MRI analysis in Alzheimer's disease **644**
Homozygosity, Homozygosity for Machado-Joseph disease gene enhances phenotypic severity **354**
Horizontal benign positional vertigo, Benign paroxysmal positional vertigo of the horizontal canal **68**
Horner's syndrome, Painless Horner's syndrome in cluster headache **462**
Hospital coding, Audit of hospital coding and investigation of patients with stroke under 65 **119**
Huntington's disease
Huntington's disease **206**
Neuropathological diagnosis and CAG repeat expansion in Huntington's disease **78**
Hydrocephalus, Regional cerebral blood flow, white matter abnormalities, and cerebrospinal fluid hydrodynamics in patients with idiopathic adult hydrocephalus syndrome **282**
Hydrocephalus shunts
Reduced bacterial adhesion to hydrocephalus shunt catheters mediated by cerebrospinal fluid proteins **671**
Testing of cerebrospinal compensatory reserve in shunted and non-shunted patients **549**
Hyperglycaemia, Non-ketotic hyperglycaemic chorea **428**
Hypogammaglobulinaemia, Hypogammaglobulinaemia with absent B lymphocytes and agranulocytosis after carbamazepine treatment **459**
Hypotension, Postprandial hypotension worsens the Parkinsonian state in Parkinson's disease **113**
Hypothermia, Hypothermia and multiple sclerosis **116**

Ictal apnoea, Apnoea and bradycardia during epileptic seizures **297**
Ictal bradycardia, Apnoea and bradycardia during epileptic seizures **297**
Idiopathic hypersomnia, Comparison of idiopathic hypersomnia and narcolepsy-cataplexy using self report measures and sleep diary data **576**
Imagined movements, Imagined movements **116**
Immunoglobulin therapy, Intravenous immunoglobulin therapy in sensory neuropathy associated with Sjögren's syndrome **699**
Immunoglobulin treatment
Encephalopathy associated with intravenous immunoglobulin treatment for Guillain-Barré syndrome **586**
Intravenous immunoglobulin treatment in paraneoplastic neurological syndromes with antineuronal autoantibodies **388**
Impairment, Selective impairment for simple division **123**
Impedance audiometry, Stapedial reflex in amyotrophic lateral sclerosis **544**
Implicit learning, Impaired procedural learning after damage to the left supplementary motor area (SMA) **94**
Inattention, Right sided hemispatial neglect and bilateral cerebral lesions **342**
Inborn errors, Glutaric aciduria type 1 in adulthood **352**
Incidence, Capture-recapture methods for precise measurement of the incidence and prevalence of stroke **696**
Inclusion body, Inclusion body myositis **251**
Infantile spasms, Respiratory chain complex I deficiency in an infant with infantile spasms **349**
Inferior olive, Symptomatic and essential palatal tremor **520**
Inflammatory demyelinating polyneuropathy, Treatment of chronic inflammatory demyelinating polyneuropathy with cyclosporin-A **185**
Infusion test, Testing of cerebrospinal compensatory reserve in shunted and non-shunted patients **549**
Insomnia, Melatonin in insomnia **122**
Intercostal nerve conduction, Technique for the assessment of intercostal nerve conduction **122**
Interferon-α
Development of myasthenia gravis during interferon-α treatment for anti-HCV positive chronic hepatitis **348**
Myasthenia gravis in a patient with chronic active hepatitis C during interferon-α treatment **348**
Interresponse times, Continuous time estimation as a behavioural index of human cerebral ischaemia during temporary occlusion of the internal carotid artery **559**
Intervertebral disc, Fibrocartilaginous embolism of the spinal cord **55**
Intra-arterial thrombolysis, Intra-arterial thrombolysis in acute ischaemic stroke **667**
Intracerebral in vivo microdialysis, Clinical evaluation of extracellular amino acids in severe head trauma by intracerebral in vivo microdialysis **703**
Intraparenchymal schwannomas, Intracranial intraparenchymal schwannomas **200**
Intrathecal baclofen, Lasting reduction of severe spasticity after ending chronic treatment with intrathecal baclofen **168**
Intravenous immunoglobulins, Intravenous immunoglobulin treatment in neurological diseases **359**
Iron deposits, Signal changes on MRI and increases in reactive microgliosis, astrogliosis, and iron in the putamen of two patients with multiple system atrophy **98**
Ischaemia
Dysarthria-clumsy hand syndrome due to infarction of the cerebral peduncle **231**
New model of ischaemia in-vitro using organotypic hippocampal slice cultures **240**
Protective effect of tumour necrosis factor in an in vitro model of transient global ischaemia **241**
Ischaemic, Reversibility of ischaemic damage determined by magnetic resonance spectroscopy in humans **121**
Isolated acute neurological syndromes, Prospective study on the predictive value of CSF oligoclonal bands and MRI in acute isolated neurological syndromes for subsequent progression to multiple sclerosis **572**

Japanese, Clinical and genetic evaluation of Japanese autosomal dominant cerebellar ataxias **697**
JUN peptide, Use of JUN peptide staining in assessing the degree of injury after optic nerve stretch **241**

Language, Semantic neglect? **349**
Language disorder, Language disorder in progressive supranuclear palsy **114**
Laser Doppler flowmetry, Multimodal monitoring in neurointensive care **131**
Laser Doppler recording, Hypoxia and malignant brain tumours **243**
Lateropulsion, Isolated body lateropulsion caused by a lesion of the cerebellar peduncle **356**
Leber's hereditary optic neuropathy, Debrisoquine hydroxylase polymorphism in Leber's hereditary optic neuropathy **588**
Leprosy, Leprosy **614**
Leucoencephalopathy, Leucoencephalopathy after inhalation of heroin **694**
Leuko-araiosis, Clinical features of leuko-araiosis **431**
Leukoaraiosis, Comparison of positron emission tomography, cognition, and brain volume in Alzheimer's disease with and without severe abnormalities of white matter **158**
Levodopa
Entacapone prolongs levodopa response in a one month double blind study in parkinsonian patients with levodopa related fluctuations **36**
Jaw movement dysfunction related to Parkinson's disease and partially modified by levodopa **41**
Motor response to acute dopaminergic challenge with apomorphine and levodopa in Parkinson's disease **634**
Light chain deposition disease, Amyloid associated muscle pseudohypertrophy **591**
Lithium, Prolonged neurological sequelae after combination treatment with lithium and antipsychotic drugs **350**
Liver transplantation, Failure of presumed hepatic myelopathy to improve after liver transplantation **590**
Lumbar puncture, Substance P concentration and history of headache in relation to postlumbar puncture headache **681**
Lumbosacral polyradiculopathy, Postmeningococcal lumbosacral radiculopathy **459**
Lymphoma
Lymphoma, paraproteinaemia, and neuropathy **684**
Paraneoplastic necrotising myelopathy in a case of AIDS with lymphoma **237**

Machado-Joseph disease
Clinical and genetic evaluation of Japanese autosomal dominant cerebellar ataxias **697**
Homozygosity for Machado-Joseph disease gene enhances phenotypic severity **355**

Magnetic resonance angiography
Magnetic resonance angiographic assessment after extracranial-intracranial bypass surgery **439**
Transcranial sonography and magnetic resonance angiography in acute stroke **123**
Use of magnetic resonance angiography in the assessment of EC-IC anastomosis **245**
Magnetic resonance imaging
Comparison of positron emission tomography, cognition, and brain volume in Alzheimer's disease with and without severe abnormalities of white matter **158**
Fibrocartilaginous embolism of the spinal cord **55**
Location of the human posterior eye field with functional magnetic resonance imaging **445**
MRI dynamics of brain and spinal cord in progressive multiple sclerosis **15**
Multiple acute infarcts in the posterior circulation **289**
Neuroleptic induced parkinsonism **213**
Post-traumatic syringomyelia (cystic myelopathy) **61**
Preliminary study into the sensitivity of disease activity detection by serial weekly magnetic resonance imaging in multiple sclerosis **339**
Prospective study on the predictive value of CSF oligoclonal bands and MRI in acute isolated neurological syndromes for subsequent progression to multiple sclerosis **572**
Severe tick borne encephalomyelitis after tick bite and passive immunisation **593**
Signal changes on MRI and increases in reactive microgliosis, astrogliosis, and iron in the putamen of two patients with multiple system atrophy **98**
Signal intensity on MR images of the basal ganglia in multiple sclerosis **119**
Soluble E-selectin in multiple sclerosis **20**
SPECT and MRI analysis in Alzheimer's disease **644**
Triple dose of gadolinium-DTPA and delayed MRI in patients with benign multiple sclerosis **526**
Magnetic resonance spectroscopy
Magnetic resonance spectroscopy studies in motor neuron disease **122**
Reversibility of ischaemic damage determined by magnetic resonance spectroscopy in humans **121**
Signal intensity on MR images of the basal ganglia in multiple sclerosis **119**
Malabsorption syndrome, Progressive ataxia, focal seizures, and malabsorption syndrome in a 41 year old woman **225**
Malignant brain tumours, Management of primary malignant brain tumours **2**
Management
Incidence, management, and outcome of post-traumatic syringomyelia **141**
Management of primary malignant brain tumours **2**
Management outcome, Audit of aneurysmal subarachnoid haemorrhage **301**
Marinesco-Sjoegren syndrome, Cerebrotendinous xanthomatosis without tendon xanthomas mimicking Marinesco-Sjoegren syndrome **582**
Mastication, Jaw movement dysfunction related to Parkinson's disease and partially modified by levodopa **41**
Measles infection, Neurofibrillary tangles in the brain of a 16 month old infant **231**
Median nerve palsy, Brachial artery approach coronary angiography **121**
Medical futility, Persistent vegetative state **701**
Melatonin, Melatonin in insomnia **122**
Memory retrieval, Memory retrieval **115**
Memory
Memory, attention, and executive function in chronic fatigue syndrome **495**
Verbal and non-verbal memory correlates with hippocampal subfield neuron density **115**
Mercury, Amyotrophic lateral sclerosis after accidental injection of mercury **698**
Mesencephalon, Monocular elevation paresis and contralateral downgaze paresis from unilateral mesodiencephalic infarction **579**
Meta-analysis, Aspirin at any dose above 30 mg offers only modest protection after cerebral ischaemia **197**
Metabolic diseases, Hereditary defect of cobalamin metabolism (homocystinuria and methylmalonic aciduria) of juvenile onset **107**
Microgliosis, Signal changes on MRI and increases in reactive microgliosis, astrogliosis, and iron in the putamen of two patients with multiple system atrophy **98**
Micropolarography, Hypoxia and malignant brain tumours **243**
Microvascular decompression, Hemifacial spasm **72**
Migraine
Elementary visual hallucinations in migraine and epilepsy **117**
Migraine **338, 448, 585**
Mitochondrial, Respiratory chain complex I deficiency in an infant with infantile spasms **349**
Mitochondrial myopathies, Blink reflex in the assessment of brainstem function in mitochondrial myopathies **120**
Mixed cryoglobulinaemia, Peripheral neuropathy associated with essential mixed cryoglobulinaemia **661**
Modelling, Testing of cerebrospinal compensatory reserve in shunted and non-shunted patients **549**
Monoclonal gammopathy, Chronic inflammatory demyelinating polyneuropathy associated with carcinoma **188**
Monocular elevation paresis, Monocular elevation paresis and contralateral downgaze paresis from unilateral mesodiencephalic infarction **579**
Mortality from Parkinson's disease, Further evidence of increased risk of mortality from Parkinson's disease **592**
Motivation, Motivational deficits after brain injury **416**
Motor cortex, Transient alien hand syndrome **232**
Motor cortex localisation, Intraoperative localisation of the primary motor cortex using single electrical stimuli **442**
Motor evoked potential, F wave disappears due to impaired excitability of motor neurons or proximal axons in inflammatory demyelinating neuropathies **650**
Motor learning
Adaptation motor learning of arm movements in patients with cerebellar disease **515**
Symptomatic and essential palatal tremor **520**
Motor neuron disease
11C-Flumazenil PET studies in motor neuron disease **118**
Acute anterior horn cell disease resembling poliomyelitis as a manifestation of respiratory syncytial virus infection **106**
Avoiding false positive diagnoses of motor neuron disease **147**
Does nocturnal non-invasive positive pressure ventilation reduce respiratory muscle fatigue in the palliation of breathlessness in motor neuron disease? **121**
Magnetic resonance spectroscopy studies in motor neuron disease **122**
Motor neuron disease presenting as acute respiratory failure **455**
Pure autonomic failure with motor neuron disease **351**
Some fasciculations in motor neuron disease have a central origin **121**
Superoxide dismutase 1 (SOD1) and manganese dependent SOD (MNSOD) MRNA expression in vulnerable brain regions in motor neuron disease and Parkinson's disease **117**
Motor neuron disease fasciculation, Benign and motor neuron disease fasciculations are different **116**
Motor neuron excitability, F wave disappears due to impaired excitability of motor neurons or proximal axons in inflammatory demyelinating neuropathies **650**
Motor system, Reorganisation of the executive motor system after stroke **112**
Movements, More movements **563**
Moving ear syndrome, Moving ear syndrome **106**
Multimodal modelling, Multimodal monitoring in neurointensive care **131**
Multiple myeloma
Multiple myeloma presenting as the Collet-Sicard syndrome **14**
Myopathy in primary systemic amyloidosis **655**
Multiple sclerosis
Clinical, CSF, and MRI findings in Devic's neuromyelitis optica **382**
Cognition and multiple sclerosis **124**
Hypothermia and multiple sclerosis **116**
Paradoxical puborectalis contraction is a feature of constipation in patients with multiple sclerosis **31**
Preliminary study into the sensitivity of disease activity detection by serial weekly magnetic resonance imaging in multiple sclerosis **339**
Prospective study on the predictive value of CSF oligoclonal bands and MRI in acute isolated neurological syndromes for subsequent progression to multiple sclerosis **572**
Sentinel lesions of primary CNS lymphoma **102**
Signal intensity on MR images of the basal ganglia in multiple sclerosis **119**
Soluble E-selectin in multiple sclerosis **20**

Study of oligoclonal band negative multiple sclerosis **27**
Visually induced paroxysmal nausea and vomiting as presenting manifestations of multiple sclerosis **703**
Multiple system atrophy
Attentional functions in multiple system atrophy and Parkinson's disease **393**
Early diagnosis and stage classification of vocal cord abductor paralysis in patients with multiple system atrophy **399**
Signal changes on MRI and increases in reactive microgliosis, astrogliosis, and iron in the putamen of two patients with multiple system atrophy **98**
Muscle disease, Investigation of muscle disease **256**
Muscular dystrophy, Investigation of muscle disease **256**
Myasthenia gravis, Development of myasthenia gravis during interferon-α treatment for anti-HCV positive chronic hepatitis **348**
Myelopathy, Paraneoplastic necrotising myelopathy in a case of AIDS with lymphoma **237**
Myopathies, Investigation of muscle disease **256**
Myopathy
Bent spine syndrome **51**
Myopathy in primary systemic amyloidosis **655**
Myositis, Inclusion body myositis **251**
Myotonic syndromes, Investigation of muscle disease **256**

NADH fluorescence imaging, Characterisation of transient focal depolarisations in experimental stroke with in vivo NADH fluorescence imaging **241**
Narcolepsy, Comparison of idiopathic hypersomnia and narcolepsy-cataplexy using self report measures and sleep diary data **576**
Narcoleptic syndrome
Dexamphetamine treatment in the narcoleptic syndrome **122**
Diagnosis of the narcoleptic syndrome **111**
Natriuresis, Cerebral salt wasting syndrome **234**
Natural history, Natural history of progressive supranuclear palsy (Steele-Richardson-Olszewski syndrome) and clinical predictors of survival **615**
Near infrared spectroscopy
Can near infrared spectroscopy detect changes in regional oxyhaemoglobin due to functional activation? **242**
Cerebrovascular reactivity in patients with carotid stenotic disease **243**
Multimodal monitoring in neurointensive care **131**
Neglect
Optokinetic stimulation influences the disturbed perception of body orientation in spatial neglect **217**
Semantic neglect? **349**
Nerve biopsy, Patient with cerebral autosomal dominant arteriopathy with subcortical infarcts and leucoencephalopathy (CADASIL) confirmed by sural nerve biopsy **235**
Nerve growth factor, Nerve growth factor in human cerebral blood vessels **241**
Nerve thickening, Leprosy **614**
Neuroepidemiology, Schizophrenia **604**
Neurofibrillary tangles, Neurofibrillary tangles in the brain of a 16 month old infant **231**
Neurogenic bladder, Investigation of the neurogenic bladder **6**
Neuroimaging, Neuroimaging in chronic fatigue syndrome **471**
Neurointensive care, Multimodal monitoring in neurointensive care **131**
Neuroleptic drugs, Neuroleptic induced parkinsonism **213**
Neurological dysfunction, "Gulf War syndrome". Is there evidence of dysfunction in the nervous system? **449**
Neuromyelitis optica, Clinical, CSF, and MRI findings in Devic's neuromyelitis optica **382**
Neuronopathic disorders, Respiratory insufficiency in neuronopathic disorders **112**
Neuro-ophthalmology, Investigation of visual loss **275**
Neuro-otological finding, Neuro-otological findings in migraineurs with vertigo **116**
Neuropathy, Multifocal motor neuropathy **599**
Neuropeptides, Twenty four hour sampling of neuropeptide levels in human CSF **245**
Neurophysiological tests, "Gulf War syndrome". Is there evidence of dysfunction in the nervous system? **449**
Neuropsychological deficits, Neuropsychological deficits in chronic fatigue syndrome **474**
Neuropsychological functioning, Neuropsychological functioning in a group of patients with anoxic brain damage **118**
Neuropsychology, Cognitive function in patients with Parkinson's disease undergoing stereotaxic thalamotomy **564**
Neuroradiology, Huntington's disease **206**
Neurosurgery, Neurosurgery in a patient with Creutzfeldt-Jakob disease after pituitary derived growth hormone therapy in childhood **333**
Neurotoxicity, Prolonged neurological sequelae after combination treatment with lithium and antipsychotic drugs **350**
Nitric oxide
Diabetes and nitric oxide **241**
Distribution and function of nitric oxide mechanisms in experimental glioma **244**
Nitrous oxide anaesthesia, Severe combined degeneration of the spinal cord after nitrous oxide anaesthesia in a vegetarian **354**
Nocturnal polysomnography, Assessment of the value of nocturnal polysomnography in the initial investigation of suspected obstructive sleep apnoea **118**
Nystagmography, Benign paroxysmal positional vertigo of the horizontal canal **68**

Obsessive compulsive disorder, Brazilian cohort of patients with Tourette's syndrome **209**
Obstructive sleep apnoea, Assessment of the value of nocturnal polysomnography in the initial investigation of suspected obstructive sleep apnoea **118**
Oligoclonal bands
Prospective study on the predictive value of CSF oligoclonal bands and MRI in acute isolated neurological syndromes for subsequent progression to multiple sclerosis **572**
Study of oligoclonal band negative multiple sclerosis **27**
On-off effect, Motor response to acute dopaminergic challenge with apomorphine and levodopa in Parkinson's disease **634**
Opsoclonus, Opsoclonus, a rare complication of cocaine misuse **592**
Optic atrophy, Autosomal dominant optic atrophy with asymptomatic peripheral neuropathy **195**
Optic nerve stretch, Use of JUN peptide staining in assessing the degree of injury after optic nerve stretch **241**
Optokinetic stimulation, Optokinetic stimulation influences the disturbed perception of body orientation in spatial neglect **217**
Outcome
Incidence, management, and outcome of post-traumatic syringomyelia **141**
Rivermead head injury follow up questionnaire **510**
Ovarian hyperstimulation syndrome, Brain water intoxication and CT hypolucencies in ovarian hyperstimulation syndrome complicating gametes intrafallopian transfer (GIFT) and tubal pregnancy **233**

Palatal tremor, Symptomatic and essential palatal tremor **520**
Pallidum, Saccade disturbances after bilateral lentiform nucleus lesions in humans **179**
Papilloedema, Detection of dilated subarachnoid space around the optic nerve in patients with papilloedema using T2 weighted fast spin echo imaging **108**
Paraneoplastic neurological syndrome, Chronic inflammatory demyelinating polyneuropathy associated with carcinoma **188**
Paraneoplastic neurological syndromes, Intravenous immunoglobulin treatment in paraneoplastic neurological syndromes with antineuronal autoantibodies **388**
Paraproteinaemia, Lymphoma, paraproteinaemia, and neuropathy **684**
Paraspinal muscles, Bent spine syndrome **51**
Parietal operculum, Pure sensory stroke caused by cortical infarction associated with the secondary somatosensory area **588**
Parkinsonism
External anal sphincter electromyography in the differential diagnosis of parkinsonism **460**
Neuroleptic induced parkinsonism **213**
Parkinson's disease
Attentional functions in multiple system atrophy and Parkinson's disease **393**
Catatonia in depression **326**
Cognitive function in patients with Parkinson's disease undergoing stereotaxic thalamotomy **564**
Computer program for Parkinson's disease **119**
Diffuse Lewy body disease **531**
Electroconvulsive therapy in Parkinson's disease **693**
Evaluation of the somatosensory evoked blink response in patients with neurological disorders **539**
Further evidence of increased risk of mortality from Parkinson's disease **592**

Hemiballism in Parkinson's Disease **247**
Jaw movement dysfunction related to Parkinson's disease and partially modified by levodopa **41**
Motor response to acute dopaminergic challenge with apomorphine and levodopa in Parkinson's disease **634**
Movement related desynchronisation pattern preceding voluntary movement in untreated Parkinson's disease **307**
Pilot investigation of Parkinson's disease in an Afro-Caribbean migrant community in London **119**
Postprandial hypotension worsens the Parkinsonian state in Parkinson's disease **113**
Superoxide dismutase 1 (SOD1) and manganese dependent SOD (MNSOD) MRNA expression in vulnerable brain regions in motor neuron disease and Parkinson's disease **117**
Twin collection in Parkinson's disease using a new method **120**
Usefulness of functional imaging in movement disorders **353**
Working memory in medicated patients with Parkinson's disease **313**

Parkinson's disease with levodopa related fluctuations, Entacapone prolongs levodopa response in a one month double blind study in parkinsonian patients with levodopa related fluctuations **36**

Paroxysmal nausea, Visually induced paroxysmal nausea and vomiting as presenting manifestations of multiple sclerosis **703**

Passive immunisation, Severe tick borne encephalomyelitis after tick bite and passive immunisation **593**

Pathogenesis, Inclusion body myositis **251**

Pathological laughing, Pathological laughing as a symptom of a tentorial edge tumour **370**

Pelvic floor disorders, Paradoxical puborectalis contraction is a feature of constipation in patients with multiple sclerosis **31**

Perceptual dysfunction, Topographic amnesia **318**

Percutaneous transluminal angioplasty, Transluminal angioplasty for arteriosclerotic disease of the distal vertebral and basilar arteries **377**

Periodic paralysis, Investigation of muscle disease **256**

Peripheral nervous system, Inflammatory demyelinating polyradiculitis in a patient with acute disseminated encephalomyelitis (ADEM) **87**

Peripheral neuropathy
Antiglycolipid antibodies in patients with rheumatoid arthritis complicated by peripheral neuropathy **119**
Autosomal dominant optic atrophy with asymptomatic peripheral neuropathy **195**
Peripheral neuropathy associated with essential mixed cryoglobulinaemia **661**

Persistent vegetative state, Persistent vegetative state **703**

PET, Cobalt-55 positron emission tomography in traumatic brain injury **221**

Phenotype, Homozygosity for Machado-Joseph disease gene enhances phenotypic severity **355**

Phrenic nerve conduction, Respiratory electrophysiological studies in Guillain-Barré syndrome **191**

Pituitary derived growth hormone, Neurosurgery in a patient with Creutzfeldt-Jakob disease after pituitary derived growth hormone therapy in childhood **333**

Pleomorphic xanthoastrocytoma, Clinical, radiological, and therapeutic features of pleomorphic xanthoastrocytoma **690**

Polymerase chain reaction, Herpes encephalitis is a disease of middle aged and elderly people **174**

Positron emission tomography
11C-Flumazenil PET studies in motor neuron disease **118**
Comparison of positron emission tomography, cognition, and brain volume in Alzheimer's disease with and without severe abnormalities of white matter **158**

Postencephalitic Parkinson's disease, Possible clinical overlap between postencephalitic parkinsonism and progressive supranuclear palsy **587**

Posterior circulation, Multiple acute infarcts in the posterior circulation **289**

Posterior eye field, Location of the human posterior eye field with functional magnetic resonance imaging **445**

Post-traumatic amnesia, Assessment of post-traumatic amnesia after severe closed head injury **422**

Post-traumatic syringomyelia
Incidence, management, and outcome of post-traumatic syringomyelia **141**
Post-traumatic syringomyelia (cystic myelopathy) **61**

Postural stability, Postural stability in Parkinson's disease **113**

Predictive value, Prospective study on the predictive value of CSF oligoclonal bands and MRI in acute isolated neurological syndromes for subsequent progression to multiple sclerosis **572**

Presenile dementia, Depression is a common and treatable cause of presenile dementia **114**

Pressure autoregulation, Impaired pressure autoregulation and CO_2 reactivity with early hypoperfusion after severe injury in a rodent model of neurotrauma **240**

Presyncope, Transient sensations of impending loss of consciousness **437**

Primary CNS lymphoma, Sentinel lesions of primary CNS lymphoma **102**

Primary progressive aphasia, Co-occurrence of dynamic aphasia and phonological dyslexia in primary progressive aphasia **117**

Primary systemic amyloidosis, Myopathy in primary systemic amyloidosis **655**

Procedural learning, Impaired procedural learning after damage to the left supplementary motor area (SMA) **94**

Proceedings, Proceedings **701**

Prognosis
Long term prognosis of epilepsy **111**
Prognosis in chronic fatigue syndrome **489**

Prognostic index, Prospective evaluation of a prognostic index for intrinsic supratentorial tumours **247**

Progressive aphasia
Primary progresssive aphasia **114**
Progressive aphasia **114**

Progressive multiple sclerosis, MRI dynamics of brain and spinal cord in progressive multiple sclerosis **15**

Progressive supranuclear palsy
Language disorder in progressive supranuclear palsy **114**
Natural history of progressive supranuclear palsy (Steele-Richardson-Olszewski syndrome) and clinical predictors of survival **615**
Possible clinical overlap between post-encephalitic parkinsonism and progressive supranuclear palsy **587**
Progressive supranuclear palsy presenting with dynamic aphasia **403**

Prospective assessment, Assessment of post-traumatic amnesia after severe closed head injury **422**

Proton magnetic resonance spectroscopy, Applications of proton magnetic resonance spectroscopy at the Royal Preston Hospital **242**

Proustian doctors, Some Proustian doctors **90**

Psychiatric morbidity, Chronic fatigue and minor psychiatric morbidity after viral meningitis **504**

Psychiatric symptoms, Ependymal cyst and psychiatric symptoms **461**

Psychometric properties of measurement instruments, Evaluating neurological outcome measures **127**

Pure autonomic failure, Pure autonomic failure with motor neuron disease **351**

Pure sensory stroke, Pure sensory stroke caused by cortical infarction associated with the secondary somatosensory area **588**

Putamen, Saccade disturbances after bilateral lentiform nucleus lesions in humans **179**

Pyramidal tract, Dysarthria-clumsy hand syndrome due to infarction of the cerebral peduncle **231**

Quadriceps strength, Quadriceps strength measurement in clinical practice **123**

Quadrilateral space, Axillary neuropathy in volleyball players **345**

Quantitative sensory testing, "Gulf War syndrome". Is there evidence of dysfunction in the nervous system? **449**

Randomised clinical trial, Study design of the International Stroke Trial (IST), baseline data, and outcome in 984 randomised patients in the pilot study **371**

Rankin scale, Intravenous immunoglobulin treatment in paraneoplastic neurological syndromes with antineuronal autoantibodies **388**

Rebleeding, Subarachnoid haemorrhage **140**

Recombinant adenovirus, Gene transfer to cerebral vessels during vasospasm using recombinant adenovirus **245**

Recurrent disseminated encephalomyelitis, Recurrent myelitis **336**

Regeneration, Aberrant regeneration of the third cranial nerve **281**

Regional cerebral blood flow, Regional cerebral blood flow, white matter abnormalities, and cerebrospinal fluid hydrodynamics in patients with idiopathic adult hydrocephalus syndrome **282**

Rehabilitation, Management of non-traumatic spinal cord injury **119**
Relapsing, Recurrent myelitis **336**
Reorganisation, Reorganisation of the executive motor system after stroke **112**
Respiratory chain disorder, Respiratory chain complex I deficiency in an infant with infantile spasms **349**
Respiratory failure
Motor neuron disease presenting as acute respiratory failure **455**
Respiratory electrophysiological studies in Guillain-Barré syndrome **191**
Respiratory insufficiency, Respiratory insufficiency in neuronopathic disorders **112**
Respiratory syncytial virus meningitis, Acute anterior horn cell disease resembling poliomyelitis as a manifestation of respiratory syncytial virus infection **106**
Retrospective assessment, Assessment of post-traumatic amnesia after severe closed head injury **422**
Rheumatoid arthritis, Antiglycolipid antibodies in patients with rheumatoid arthritis complicated by peripheral neuropathy **119**
Right frontal lobe, Memory retrieval **115**
Right hemisphere, Just how silent *is* the right hemisphere? **244**
Risk, Epidemiology of the dementias **478**
Road traffic accidents, Risk of accidents in drivers with epilepsy **621**
Rural population, Prevalence of dementia in an elderly rural population **628**

Saccades, Saccade disturbances after bilateral lentiform nucleus lesions in humans **179**
Schizophrenia, Schizophrenia **604**
Sensory neuropathy
Intravenous immunoglobulin therapy in sensory neuropathy associated with Sjögren's syndrome **699**
Lymphoma, paraproteinaemia, and neuropathy **684**
Sex prevalence, Sex prevalence of focal dystonias **204**
Silicone rubber, Reduced bacterial adhesion to hydrocephalus shunt catheters mediated by cerebrospinal fluid proteins **671**
Simple division, Selective impairment for simple division **123**
Single electrical stimuli, Intraoperative localisation of the primary motor cortex using single electrical stimuli **442**
Sixth nerve palsy, Sixth nerve palsy from a CNS lesion in chronic inflammatory demyelinating polyneuropathy **695**
Sjögren's syndrome, Intravenous immunoglobulin therapy in sensory neuropathy associated with Sjögren's syndrome **699**
Sleep, Early diagnosis and stage classification of vocal cord abductor paralysis in patients with multiple system atrophy **399**
Sleep behaviour, Presleep behaviour **123**
Somatosensory area, Pure sensory stroke caused by cortical infarction associated with the secondary somatosensory area **588**
Somatosensory evoked potential, Intraoperative cortical somatosensory evoked potential monitoring is a useful tool in complex cervical surgery **242**
Somatosensory testing, Somatosensory findings in patients with spinal cord injury and central dysaesthesia pain **411**
Spasmodic torticollis, Sex prevalence of focal dystonias **204**
Spasticity, Lasting reduction of severe spasticity after ending chronic treatment with intrathecal baclofen **168**
Spatial memory disorder, Topographic amnesia **318**
SPECT
Non-ketotic hyperglycaemic chorea **428**
SPECT and MRI analysis in Alzheimer's disease **644**
SPECT evaluation of human brain tumours using thallium and tyrosine markers **243**
Speech disorder, Speech disorder in Alzheimer's disease **117**
Sphincters, Paradoxical puborectalis contraction is a feature of constipation in patients with multiple sclerosis **31**
Spinal cord, MRI dynamics of brain and spinal cord in progressive multiple sclerosis **15**
Spinal cord infarction, Fibrocartilaginous embolism of the spinal cord **55**
Spinal cord injuries, Post-traumatic syringomyelia (cystic myelopathy) **61**
Spinal cord injury
Management of non-traumatic spinal cord injury **119**
Somatosensory findings in patients with spinal cord injury and central dysaesthesia pain **411**
Spinal muscular atrophy, Genes for spinal muscular atrophy **113**
Spinocerebellar ataxia
Clinical and genetic evaluation of Japanese autosomal dominant cerebellar ataxias **697**
Coexistence of type I familial amyloid polyneuropathy and spinocerebellar ataxia type 1. Clinical and genetic studies of a Japanese family **586**
Stamp
Karl Rokitansky (1804–78) **683**
Pedanius Dioscorides (born about AD40, died about AD90) **427**
St Apollonia (died about AD 249) **558**
Thymus serpyllum (wild thyme) **224**
Valeriana officinalis (garden heliotrope) **255**
Willow **5**
Stapedial reflex, Stapedial reflex in amyotrophic lateral sclerosis **544**
Stapedius motor neuron, Stapedial reflex in amyotrophic lateral sclerosis **544**
Staphylococci, Reduced bacterial adhesion to hydrocephalus shunt catheters mediated by cerebrospinal fluid proteins **671**
Stereotaxy, Cognitive function in patients with Parkinson's disease undergoing stereotaxic thalamotomy **564**
Stridor, Early diagnosis and stage classification of vocal cord abductor paralysis in patients with multiple system atrophy **399**
Stroke
Audit of hospital coding and investigation of patients with stroke under 65 **119**
Capture-recapture methods for precise measurement of the incidence and prevalence of stroke **696**
Recovery of word retrieval after stroke **112**
Semantic neglect? **349**
Transcranial sonography and magnetic resonance angiography in acute stroke **123**
Stroke register, South London community stroke register **120**
Stroke service, Development of a district stroke service **112**
Subarachnoid haemorrhage
Audit of aneurysmal subarachnoid haemorrhage **301**
Cerebral salt wasting syndrome **234**
Management and operative outcome from subarachnoid haemorrhage in two regional centres **244**
Subarachnoid haemorrhage **140**
Variations in the systemic pattern of cytokine production after subarachnoid haemorrhage **244**
Subarachnoid space, Detection of dilated subarachnoid space around the optic nerve in patients with papilloedema using T2 weighted fast spin echo imaging **108**
Subcortical white matter, Regional cerebral blood flow, white matter abnormalities, and cerebrospinal fluid hydrodynamics in patients with idiopathic adult hydrocephalus syndrome **282**
Substance P, Substance P concentration and history of headache in relation to postlumbar puncture headache **681**
Sudden death, Sudden death in epilepsy **111**
Sudden death in epilepsy, Apnoea and bradycardia during epileptic seizures **297**
Supplementary motor area 6, Impaired procedural learning after damage to the left supplementary motor area (SMA) **94**
Supranuclear lesion, Monocular elevation paresis and contralateral downgaze paresis from unilateral mesodiencephalic infarction **579**
Supratentorial tumours, Prospective evaluation of a prognostic index for intrinsic supratentorial tumours **247**
Survival, Natural history of progressive supranuclear palsy (Steele-Richardson-Olszewski syndrome) and clinical predictors of survival **615**
Syndrome of inappropriate antidiuretic hormone secretion (SIADH), Brain water intoxication and CT hypolucencies in ovarian hyperstimulation syndrome complicating gametes intrafallopian transfer (GIFT) and tubal pregnancy **233**

Tau protein, Total tau protein immunoreactivity in lumbar cerebrospinal fluid of patients with Alzheimer's disease **237**
Temporal lobectomy, Severe amnesia and hippocampal neuron loss **124**
Temporal lobe epilepsy, Quantitative MRI detects a range of hippocampal disease in temporal lobe epilepsy **1121**
Tentorial edge tumour, Pathological laughing as a symptom of a tentorial edge tumour **370**
Tetanus, Notes on tetanus (lockjaw) **332**
Thalamotomy, Cognitive function in patients with Parkinson's disease undergoing stereotaxic thalamotomy **564**

Third cranial nerve, Aberrant regeneration of the third cranial nerve **281**
Thyroid disease, Thyrotoxic Hashimoto's encephalopathy **234**
Tic, Brazilian cohort of patients with Tourette's syndrome **209**
Tick-borne encephalomyelitis, Severe tick borne encephalomyelitis after tick bite and passive immunisation **593**
Timing of surgery, Audit of aneurysmal subarachnoid haemorrhage **301**
Topographic amnesia, Topographic amnesia **318**
Tourette's syndrome, Brazilian cohort of patients with Tourette's syndrome **209**
Transcranial Doppler and colour coded imaging, Identification and testing of intracranial collaterals using transcranial Doppler and colour coded imaging **118**
Transcranial Doppler pulsatility, Relation between transcranial doppler (TCD) pulsatility and cerebrovascular resistance **240**
Transcranial Doppler ultrasonography, Multimodal monitoring in neurointensive care **131**
Transcranial sonography, Transcranial sonography and magnetic resonance angiography in acute stroke **123**
Transient epilepsy, Transient alien hand syndrome **232**
Transient epileptic amnesia, Transient epileptic amnesia **115**
Traumatic brain injury, Cobalt-55 positron emission tomography in traumatic brain injury **221**
Trinucleotide repeat disease, Coexistence of type I familial amyloid polyneuropathy and spinocerebellar ataxia type 1. Clinical and genetic studies of a Japanese family **586**
Triple dose gadolinium-DTPA, Triple dose of gadolinium-DTPA and delayed MRI in patients with benign multiple sclerosis **526**
Triplet repeats, Clinical and genetic evaluation of Japanese autosomal dominant cerebellar ataxias **697**
Trollope's doctors, Some of Trollope's doctors **288**
Tumour necrosis factor, Protective effect of tumour necrosis factor in an in vitro model of transient global ischaemia **241**
Tumour regression, Sentinel lesions of primary CNS lymphoma **102**

Urodynamics, Investigation of the neurogenic bladder **6**
Uroflowmetry, Investigation of the neurogenic bladder **6**

Vascular dementia
Clinical features of leuko-araiosis **431**
Diagnostic usefulness of apolipoprotein E ε4 in the diagnosis of the dementias **699**
Epidemiology of the dementias **478**
Vegetarianism, Severe combined degeneration of the spinal cord after nitrous oxide anaesthesia in a vegetarian **354**
Vertebral artery, Transluminal angioplasty for arteriosclerotic disease of the distal vertebral and basilar arteries **377**
Vertigo, Neuro-otological findings in migraineurs with vertigo **116**
Viral meningitis, Chronic fatigue and minor psychiatric morbidity after viral meningitis **504**
Visual, Right sided hemispatial neglect and bilateral cerebral lesions **342**
Visual evoked potentials, Behavioural and electrophysiological chromatic and achromatic contrast sensitivity in an achromatopsic patient **638**
Visual hallucinations, Elementary visual hallucinations in migraine and epilepsy **117**
Visual loss, Investigation of visual loss **275**
Vitamin B12 deficiency, Severe combined degeneration of the spinal cord after nitrous oxide anaesthesia in a vegetarian **354**
Vitamin B12 metabolism, Hereditary defect of cobalamin metabolism (homocystinuria and methylmalonic aciduria) of juvenile onset **107**
Vocal cord abductor paralysis, Early diagnosis and stage classification of vocal cord abductor paralysis in patients with multiple system atrophy **399**
Volleyball, Axillary neuropathy in volleyball players **345**
Volumetry, SPECT and MRI analysis in Alzheimer's disease **644**
Voluntary movement, Movement related desynchronisation pattern preceding voluntary movement in untreated Parkinson's disease **307**

Water intoxication, Brain water intoxication and CT hypolucencies in ovarian hyperstimulation syndrome complicating gametes intrafallopian transfer (GIFT) and tubal pregnancy **233**
West syndrome, Respiratory chain complex I deficiency in an infant with infantile spasms **349**
Word retrieval, Recovery of word retrieval after stroke **112**
Working memory, Working memory in medicated patients with Parkinson's disease **313**

Xanthoma, Cerebrotendinous xanthomatosis without tendon xanthomas mimicking Marinesco-Sjoegren syndrome **582**
X linked dystonia-parkinsonism syndrome, Strategies to isolate the gene causing the X linked dystonia-parkinsonism syndrome **123**
